

Function list

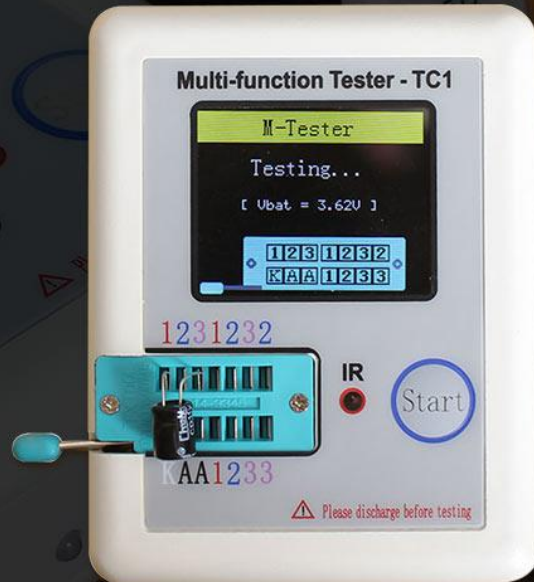

1

Tester with rechargeable battery

LCR-TC Transistor Tester

Multi-function tester

Screen size: 160 x 128 TFT

Battery output and charging color

When the product is charging , the **red light** is displayed , indicating that it is not full . Otherwise , the **green light** indicates that the charging is completed.

2

Charging with light tips

Otherwise red

Full power is green

Specifications

Parameter:

Display	1.8inch TFT Screen	Diode Range	< 4.5V
Zener Diode	Transistor Detect Area: 0.01-4.5V	Zener Diode	Detect Area: 0.01-30V
Triac Range	IGT < 6mA	Capacitance	25pF-100mF
Resistor	0.01-50MΩ	Inductance	0.01mH-20H
Battery	0.1-4.5V	Power Mode	Li-On rechargeable
Ltem Size	8.8x8x2.8cm/3.47x4.73x1.06in	Item Weight	111.5g / 3.94oz
Package Size	14.5x12x 2.7cm/5.71x4.73x1.06in	Package Weight	114g/4.02oz
