

Overload Switch Specification:

SPECIFICATION:

Rating: 3 ~ 20A

Input Power: 125/250 V AC

Dielectric Strength: 1,250V AC at 60Hz for 60 seconds

Insulation Resistance: 100 megohms at 500V DC

Ambient Operation: Operates normally in

Temperatures Between -40°C and +85°C

Endurance: 10,000 Operations at a rate of 6 Operations per Minute

Approvals : RoHS,UL

Protection switch Ordering information :

KLS ITEM CODE	Rated current	Rated voltage	Terminal length / mm
KLS7-ST-001-S-05	5A	250V	5.7
KLS7-ST-001-S-10	10A	250V	5.7
