

MD916

DIGITAL PAPER MOISTURE METER

- CPU based, improved electrical resistance type precise measuring through spring contact, no damage to paper
- Auto ambient **temperature & humidity compensation** brings high accuracy and stability
- 4 paper type selectable: carton, copperplate paper, writing paper & press paper
- Streamline plastic casing, small size, easy to operate and carry

Technical specifications

Measuring range: 0~40%

Resolution: $\pm 0.5\%$

Accuracy: $\pm 2\%$ rdg

Battery: 9Vx1, 6F22

Dimensions: 129x63x32mm

Weight: 116g approx.

REF: 03M916X1000

CE (EMC), UL, CE (LVD)

Sinometer
